--	---

AMENDED CERTIFICATE

(Issued December 11, 2000)

On September 11, 2000, Louisa Communications, L.C. (Louisa), filed a request to amend its certificate of public convenience and necessity, pursuant to Iowa Code § 476.29 (1999), to offer local exchange service in the Qwest Corporation (Qwest) exchange of Muscatine. The request has been identified as Docket No. TCU-00-54. Louisa stated that it concurs with the exchange service area map of Qwest on file with the Utilities Board (Board) as they are today and as they may be changed in the future. Louisa also filed tariffs showing a map of the Muscatine service area on October 9, 2000, and reflecting the offer of service in the additional exchange on November 6, 2000. The tariffs have been identified as TF-00-255 and TF-00-278.

Louisa was previously granted Certificate No. 0195 to provide service in the Wapello exchange. An order approving Louisa's request to amend its certificate, approving its concurrence in the Qwest map, and approving the tariffs is being issued concurrently with this amended certificate.

IT IS THEREFORE ORDERED:

This certificate of public convenience and necessity, issued pursuant to Iowa Code § 476.29(1) (1999), is amended to authorize Louisa Communications, L.C., to furnish local telephone service in the exchanges as shown by its tariffs as currently and subsequently approved.
